9. (Confidential - GLC) Received a call from Andy Marshall, NSC Staff, who wondered whether we had pulled together a list of activities which if curtailed would have repercussions on the domestic scene (he had asked for such a list in a meeting here at Headquarters several weeks ago). He mentioned that he has had conversations with Jim Woolsey, of the Senate Armed Services Committee staff, and Richard Perle, of the Senate Permanent Investigations Subcommittee staff, about the prospects for changes in the Agency's legislation. I told him that I had asked [REDACTED] DDO, people to see what they could pull together on this but I had not received anything as yet. Marshall referred to what he called the "complex interface on the domestic scene" and added he thought it would be useful to have a list of incidents which have taken place or which might take place concerning Agency activities that would have an impact domestically. He said he would like to have a copy of such a list and thought it would be helpful to us in our conversations with our Committee people on the Hill. I told him that we are in contact with our Committee staffs on almost a daily basis on Agency matters but I would check on the status of the list he requested and also touch base with Mr. Colby on it. I asked Marshall if he was aware of Mr. Colby's memo of 28 August to Dr. Kissinger on this subject and of Dr. Kissinger's reply. He said he was, adding that John Lehman, of the White House staff, handled that exchange of memoranda. I told him that Mr. Colby had already been in touch with Bryce Harlow, of the White House staff, on the subject of a meeting with Senator Stennis.

JOHN M. MAURY
